

**Do you have experience of
living with cancer?
Either having had the illness or
cared for a loved one?**

The physical and emotional benefits of taking part in Dragon Boating are undeniable once treatment is over. High on our list of priorities is rebuilding the health, fitness and confidence of those who have been touched by cancer - survivors, their family and friends.

PADDLERS FOR LIFE!
A Lancashire and Cumbria
Dragon Boat Team
encouraging
breast cancer awareness
whilst getting fit and
having fun!

Interested? We'd like to hear from you!
